

I want to thank the local newspaper for being bold enough to allow this free exchange of information to flow the American way. Thanks to those who agree and those who disagree. It's obvious by the responses that there are many who are riding on emotions but with little information. I sincerely want to help people understand what I have learned from Muslims that helped *me* understand. I grew up in Harlem and the South Bronx during the rise of the Nation of Islam, have many copies of Qur'an given me by my friend who is a leading imam in the Hudson Valley. I have ministered to and know Muslims from Bangladesh, Iran, Palestine, Israel, and even Kingston, NY. I have eaten with, travelled with, laughed and cried with many Muslims, so let's stay on the subject – we are (or at least I am) discussing a specific group of Muslims – *not all*. The radical, violent, jihadist Muslims have identified you and me as combatants targeted to be enslaved, converted or dead. They make no exceptions for all tolerant, all inclusive, peace loving infidels. You will be forced to submit, whether you are liberal or republican, democrat or independent, Jew or Gentile, atheist or agnostic.... AND under Sharia Law *all* homosexuals will be killed, and *all* women reduced to second class citizenship. Allah hates Jews and Christians, and Jehovah loves them. Allah has no son, and Jehovah has the only begotten Son – they are NOT the same God. This is not some bigoted opinion of mine, but the teachings of the Qur'an, Hadith & Sharia Law. You have judged me harshly for telling the Truth, but I pray you'll examine these resources – all of whom are or were Muslim. They have put their lives on the line to bring us the Truth. The least you could do is listen to them – Dr. Zuhdi Jasser, www.thethirdjihad.com or on YouTube; google Tawfik Hamid, professor and former terrorist; read "Why I Left Jihad" or "God's War on Terror" by Walid Shoebat, ex-Muslim terrorist; "Islam and The Jews" by Dr. Mark A. Gabriel, Islamic History Professor, Cairo, Egypt; "Son of Hamas" by Mosab Hassan Yousef – these people can help all of us live together with understanding. On our web site (www.ihnministries.org) we list radical verses of Qur'an and Sharia for anyone who wants to know – we'll even mail you a copy.

Finally, Jesus didn't say don't judge ever or at all, He said, 'examine yourself first and judge with mercy and truth,' etc., knowing that you'll be judged. I'm a pastor – I get judged all the time, so move on to the topic and judge radical Islam in America.

Respectfully submitted,

I want to thank the local newspaper for being bold enough to allow this free exchange of information to flow the American way. Thanks to those who agree and those who disagree. Let me say it again – a Muslim that is a committed American is not the same as one that is committed to Qur'an, Hadith and Sharia teachings. The latter is taking the violent verses and is acting upon them. This we have seen in very tragic and graphic ways. The Muslim conquest into Spain was memorialized by building a mosque on the foundation of a church in "Cordoba" Spain. The name choice is a militant statement and many Muslims are pointing out to us that this is not a good thing. Our laws of freedom include a sense of responsibility and sensitivity. Would an American Nazi be given a permit to build a Nazi center opposite a synagogue? There are about 2,000 mosques all over the US and in New York City. Love would say, "I feel your pain, and to show you I don't agree with these jihadists I'll not do a "Cordoba" near ground zero. Our hope is that we can join hands with the committed Americans, no matter what religion. Do you know what "Takiya Kitman and Hudabiyah" are? Have you seen the verses that terrorists are following?
